## About Us

Founded in the year 1987 by Dr. Shrikrishna G. Nadgouda, who was inspired by his father in law Late Dr. Anant Huilgol, an eminent eye surgeon and a social worker in Karnataka.

Jayapriya Medical Foundation is a non-profit organization to address the eye care needs of the rural and urban communities of 6 backward districts in Northern Karnataka, namely Dharwad, Haveri, Belgaum, Gadag, Bagalkot and Koppal .

Jayapriya Eye hospital aims to make the best in technology, infrastructure, medical and surgical care and patient centricity accessible to rural and urban areas spread across North Karnataka.

Our staff members are groomed with patient care as their work philosophy. Our strong relationship team reaches out to corporate, residential associations and rural areas with special packages and schemes to make quality eye care affordable to all segments of society. We do not compromise on quality as every patient undergoes comprehensive eye checkup before their specific problems are diagnosed.

Jayapriya Medical Foundation is one of the fastest growing health care service providers in North Karnataka. Jayapriya Eye hospital and research center stand pioneers in introducing various ophthalmic technologies and have a dedicated team of qualified surgeons specialized in various super specialty of ophthalmology. The hospital is well equipped with surgical and diagnostic equipments, operation theaters and indoor facilities for patient comfort with great emphasis on the patient's total eye care satisfaction, all at affordable prices.

## OUR VISION AND MISSION

### VISION:

To be a centre of excellence in eye care, research, training, preventive medicine and to offer advanced, affordable, innovative and motivated total eye care services with the latest comprehensive technologies under one roof accessible to all strata of the society in a friendly and safe environment.

### MISSION:

To provide and maintain customer focused high quality health care services in a professional environment. We are committed to achieve and maintain excellence in health care services.

### Our Core Values:

- To render highest quality of eye care services to patients of rural and urban community.
- Endeavour to achieve excellence in services rendered.
- Continuous adoption of latest technology and best medical practice methods.
- Focus on establishing long term association with people, patients, employees and other supporters.
- Sound physical and risk management.
- Strong accountability in a flexible and streamlined process.
- Serving the public needs.
- Healthy competition and transparency.

## Our Accomplishments

## Future Vision

With such an eminent team and hospital, the days are not far when we will be doing double the number of cataract surgeries, Vitreo-retinal surgeries and keratoplasties at extremely subsidized rates or free of cost.

- Develop a Regional Learning and Training Centre to commence various short and long-term training courses.
- Initiate qualitative, clinical and operational research on various eye care related issues.
- Developing Vision Centers across the districts of Dharward, Gadag and Haveri district areas of Karnataka.
- To conduct more free school screening camps, Diabetic retinopathy screening camps, free glaucoma screening camps, free peripheral screening programs and the likes in near future.

***"There is no better way to  
thank God for your sight  
than by giving a helping  
hand to someone in the dark"***
